DECLARATION OF MS. SARAH PACKHAM

1. I, **Sarah Packham**, having personal knowledge of the facts set forth herein, hereby declare and say that:

2. I am an Administrative Assistant in the Intellectual Property Strategy Department of Lucent Technologies Inc., in Swindon, Great Britain. I have been a Lucent employee since June 12, 2000.

3. It is my understanding that upon filing of a patent application in the European Patent Office, our IP Law department in Woodford Green, Great Britain inputs the application case name onto our application docket to establish when to start preparing the application for foreign filing.

4. It is also my understanding that after docketing the above-identified application, our IP-Law department in Woodford Green started to prepare the application for foreign filing by generating a package comprising photocopies and electronic copies of the application and related drawings respectively. The package was then mailed to our IP-Law office in Murray Hill, New Jersey, USA. The Murray Hill office then sent a copy of the package to one of our U.S. attorneys who converted the application to a format that complies with the rules of the United States Patent and Trademark Office.

5. At some time prior to April 4, 2001, I received a Declaration and Assignment Agreement for the above-identified application from our Intellectual Property Law office in Woodford Green. Our office made arrangements to facilitate the execution of the Assignment Agreement and the Declaration by all of the inventors. In the ensuing

weeks, both documents were properly executed by all of the inventors except for Mr. Kriaras.

6. During the time period of April 4, 2001, to August 30, 2001, I mailed several letters to Mr. Kriaras' last known address requesting that Mr. Kriaras properly execute Declarations and Assignment Agreements for the above-identified case and other cases of which Mr. Kriaras is a co-inventor. I even arranged to have a solicitor present at our Optimus Lucent facility to assist Mr. Kriaras in properly executing the documents enclosed with the letters. Please see Exhibits A-E attached to this Declaration.

7. Mr. Kriaras has not responded to any of the correspondence described above.

8. I hereby verify that all copies of documents in support of this Declaration are true copies.

9. I hereby declare that all statements in the Declaration made from my own knowledge are true and all statements made on information and belief are believed to be true.

10. I hereby declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on 13 September 2001

Date: 13 September 2001

Re: Application to File Foreign Patent

Dear Ioannis,

Please find enclosed several patent related documents that require your signature. I would be extremely grateful if you would be able to sign these and send them back to me as soon as possible, as they are now rather urgent. Unfortunately, the assignment and agreement documents require you to have your signature witnessed by a Commissioner for Oaths. It may be useful for you to know that I have arranged a solicitor to visit the Optimus site on the 20th April at 11.10am, and you are very welcome to attend. However, if you would prefer to use your own solicitor that is fine. It is a service offered by most solicitors, but should you need help locating one I would be happy to help. I apologize for any inconvenience this may cause you, and I am very grateful for your help. Please be assured that any expenses that you incur in relation to this task will be reimbursed. If I can be of any assistance to you, please do not hesitate to contact me either on 01793 897252 or packham@lucent.com

Yours sincerely,
